

What is FaNs?

We are a community of friends and neighbours (FaNs) across Essex who care for, and about, some of our oldest citizens - the people who live in care homes

What we believe:

- Those living in care homes deserve our friendship and support
- Anyone can become a FaN
- FaNs is a great way to meet new people, share interests and have fun

How to get involved?

- Visit www.fansnetwork.org to register your interest
- Speak to the care home manager about how you could show your support to the residents
- Spread the word of FaNs with your friends and family
- Start making every moment count

Got a question?
